COMMUNITY DEVELOPMENT DEPARTMENT

The Building Inspector received demolition bids for 7909-11 N. 47th St. The Village now owns the building & the existing residents will be moving into the new Lighthouse senior living development when it is completed later this month. Low bidder Salvage Heaven was recommended by the Finance & Public Works Committee. Pending final approval by the Village Board Staff will be seeking to work with the selected contractor & the Habitat for Humanity Restore to deconstruct & reuse material within the building.

An old Water Utility well location in the 7800 block of N. 48th Street was recently identified as still titled to the Village. Staff worked with the adjacent property (where the old well site was located in their back yard) to process a quit claim deed to transfer this property back to the homeowner & return the land back to the tax rolls.

The Zoning & Planning Specialist responded to complaints this week regarding uncut lawns at several vacant residential/commercial properties. Sixteen vacant properties in the Village have now been registered as vacant and have submitted the proper registration forms, contact information, and fees. Two commercial properties were advised to remove banners that violated signage codes. The owner of a construction company operating out of his home in a residential district was given a final written notice to cease business activity that violates Village codes.

BDPD Weekly Recap "Weekly Allocation of Services"

LIBRARY UPCOMING WEEK'S ACTIVITIES:

Miller and Mike

Tuesday, June 14th from 4:00-4:45PM

Miller & Mike have worked all over US and beyond. They have entertained audiences with the Ringling Bros. and Barnum & Bailey Circus, Royal Caribbean Cruise Line, Apple Vacation Resorts, MTV, The Today Show, Extreme Makeover and the Travel Channel. The energy they bring is unlike any other show you've seen before. Combining circus skills and audience participation with good clean comedy Miller & Mike are making memories one show at a time. www.millerandmike.com/

2nd Bad Art Contest

Wednesday June 15th from 4:00-5:00pm

Need to get out and express yourself? Have absolutely no artistic ability? Come make BAD ART with us. We'll supply the basics and a few

BAD ideas. No talent necessary. Your BAD ART will then be on display in the library for a week, so everyone can enjoy it. And hey – the WORST/WEIRDEST/STRANGEST/MOST AWESOMELY BAD piece of artwork will win a prize.

Weekly Health Tips

On average, men live about five years less than their female counterparts. Men have a higher death rate for most leading causes of death, including cancer, heart disease and diabetes. Men make half as many physician visits for prevention as women. **Want to see these statistics change? Men need to schedule a check-up today.**

NORTH SHORE HEALTH DEPARTMENT

Prevent Blindness America declares June as Cataract Awareness Month. Cataract is a clouding of the eye's lens which blocks or changes the passage of light into the eye. Cataract generally does not cause pain, redness or tears but some signs include: blurred/double vision, a sense of "film" over the eyes, changing eyeglass prescriptions often, milky or yellowish spot in the pupil (cataract), and lights may seem too dim for reading. Fortunately, vision loss due to cataract can be restored. Cataract

surgery is one of the most commonly performed procedures in the United States. Although treatment for the removal of cataract is widely available, access barriers such as insurance coverage, treatment costs, patient choice, or lack of awareness prevent many people from receiving the proper treatment. According to the Mayo Clinic there have been no proven studies on how to prevent or slow down cataracts but following these tips may be helpful:

- Have regular eye examinations
- Quit Smoking/reduce alcohol
- Wear sunglasses
- Maintain a healthy weight
- Eat a healthy diet with plenty of fruits and vegetables. Fruits and vegetables have many antioxidants, which help maintain the health of your eyes.

To learn more about cataracts visit: www.preventblindness.org/cataract-awareness-month & www.mayoclinic.org/diseases-conditions/cataracts/basics/prevention/con-20015113

Last week at the North Shore Health Department

A Public Health Nurse presented "First Aid for Older Adults" for the Brown Deer Senior Center. Presentation included basic techniques and resources in first aid to help older adults cope in an emergency situation.

The Health Department started beach water testing for at Atwater, Klode and Doctor's Park. The beaches are being tested twice a week for harmful levels of bacteria and signs are posted to communicate water safety to the public during summer swimming season.

A Public Health Nurse presented a Remembering When Program with the North Shore Fire/Rescue for the North Shore Library Older Adults Program. Remembering when is a fall prevention program to help older adults live safely at home for as long as they can.

Health Department staff attended Safety Day at Bayshore Town Center. We spoke with attendees about lead, and partnered with SafeKids of Wisconsin to share information about car seats, water, and fire safety. Children and adults were quizzed and educated about fire escape plans, smoke alarms and carbon monoxide detectors.
